### PROFILE SUMMARY

---

Dedicated Cyber Security and Network Engineer with a Diploma in Cybersecurity and Networking (NVQ 5) and currently pursuing an HND in Cybersecurity. Holds the Certified Ethical Hacker (CEH) credential from EC-Council. Experienced in network administration, Active Directory, IT support, and security infrastructure. Targeting eJPT, CCNA, and CHFI certifications. Passionate about enhancing digital safety and IT infrastructure.

### WORK EXPERIENCE

---

#### IT Executive (Promoted from Staff Officer – IT) | Timex Garments (PVT) Ltd. | Aug 2024 – Present

- Architected and deployed a full IT infrastructure stack including Active Directory, File Server, Web Server, and Kaspersky Security Server, supporting 200+ users
- Built and deployed a custom Inventory Management System, reducing manual stock tracking time by 40% and improving operational accuracy across departments
- Oversaw IT infrastructure operations and enforced network security policies, ensuring zero critical compliance breaches

#### IT Support Specialist | MAS Intimates (PVT) Ltd. [via Eureka Technology Partners (Pvt) Ltd] | Oct 2023 – Apr 2024

- Diagnosed and resolved hardware, software, and network issues across a multi-site environment, improving team productivity and minimizing downtime
- Monitored network activity and managed endpoint security across 100+ devices, reducing security incidents through proactive threat detection

#### IT Support Executive | Commercial Bank (PVT) Ltd. [via Zeal (Pvt) Ltd] | May 2023 – Sep 2023

- Resolved 30+ IT support tickets per week for banking operations, maintaining 99% system uptime and significantly reducing resolution time
- Safeguarded data integrity and maintained high system availability across critical banking platforms, supporting uninterrupted daily transactions
